

Help Future Generations Prosper

4 ideas

4 blue-skies thinking

4 partners who refuse to stand idly by fading chances

4 many young people to live a happy life in increasingly flawed and challenging world

A Better Future for Our Children

Resolutions and decisions, as well as action-oriented events at the GA and its main committees to prioritize children needs and encourage targeted support for them while achieving MDGs.

Other straightforward measures and fresh ideas to redouble efforts to meet the MDGs bearing on children needs directly: eradicate hunger, achieve universal primary education, reduce child mortality, combat HIV/AIDS, malaria and other diseases.

Support for Talented

Clear mechanisms of how UN can support talented young people across the globe to make sure they are not overlooked and are well prepared to drive progress in public and private sectors both at home and abroad.

UN scholarship programmes with sponsors' support to help young people learn, travel, talk and share to become genuinely effective managers.

Multilateral platforms for discussions and sharing among youth in areas and industries which make up the cutting edge of global development.

Stronger Barriers on Web Abuse

Clear and watertight barriers on child abuse and humiliation coming out from web.

Stronger UN-led awareness-raising with families engaged to educate children and better protect them from online dangers.

UN Action against Anti-social Behaviour

GA round tables to encourage brainstorming about how UN can better protect children and teenagers from drug abuse, binge drinking and aggressive behaviour.

Accumulation of best practices at national levels of taking teenage trouble-makers and young culprits out of social degradation.
